

Matrix Tissue

Customizable Face Tissues

Product Overview of Customizable Face Tissues (H2)

- Matrix Tissue offers **Customizable Face Tissues** that blend functionality with refined presentation — ideal for businesses that prioritize hygiene, quality, and branding.
- As a reputed **tissue manufacturer** and trusted **tissue supplier**, we provide bespoke tissue solutions tailored for various sectors including hospitality, corporate, wellness, and retail.
- Every tissue pack is manufactured under stringent hygiene protocols using premium-quality pulp, ensuring superior softness, absorbency, and durability.
- Designed to support both high-volume commercial usage and premium brand experiences.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is a highly experienced **tissue manufacturer** with modern facilities and an agile production model, allowing rapid scaling and customization.
- As a dependable **tissue supplier**, we have earned trust across industries for delivering consistent quality and exceeding service expectations.
- Our dedicated in-house design and quality teams ensure every order meets brand, industry, and safety standards.
- We empower our clients with fully personalized packaging and a wide range of finishes — turning everyday tissue into a powerful branding tool.
- Whether you're a start-up brand or an established distributor, we provide flexible MOQ options, ensuring accessibility without compromising quality.

Usage Applications of Customizable Face Tissues (H2)

- Our customizable face tissues are versatile and ideal for a broad range of use cases:
 - Hotel guest rooms, amenities, and vanity kits
 - Clinics, dental offices, and healthcare facilities
 - Beauty salons, spas, and skincare counters
 - Corporate boardrooms, receptions, and promotional events
 - Travel packs, hygiene kits, and retail shelf products
- As an established **tissue supplier**, we understand cross-industry needs and deliver tailored solutions to match the intended use and end-user experience.

Additional Information of Customizable Face Tissues (H2)

- Offered with full **private labeling** support — perfect for brand-centric marketing and custom retail SKUs.
- Multiple packaging formats: cube boxes, flat boxes, soft packs, pocket tissues, and dispenser-friendly packs.
- Matrix Tissue is committed to sustainability — biodegradable and recycled material options are available upon request, setting us apart as an eco-conscious **tissue manufacturer**.
- Products undergo multi-stage quality inspections to ensure hygiene, sheet uniformity, and print durability.
- Delivered with user-ready features such as perforation, interfolding, and easy-dispense openings — engineered by a thoughtful **tissue supplier** focused on practicality.

Key Features of Customizable Face Tissues (H2)

- Produced by a leading **tissue manufacturer** using skin-friendly virgin or recycled pulp.
- Delivered by a reliable **tissue supplier** with a reputation for timely fulfillment and strong customer service.
- Ultra-soft texture that ensures a luxurious feel while maintaining durability.
- High absorbency and lint-free finish — ensuring effective cleaning and pleasant skin contact.
- Available in matte, gloss, or laminated box finishes, giving businesses complete control over presentation.
- Strong interfold structure for hygienic, one-at-a-time dispensing that reduces waste and enhances user convenience.
- Compact, travel-friendly packaging also available for brands targeting mobility-focused consumers.
- Heat-sealed or glued packaging options ensure long-lasting storage stability and protection.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue is more than just a **tissue manufacturer** — we are a growth partner for your brand, offering innovation, quality, and customization in every box.
- As a dynamic **tissue supplier**, we prioritize flexibility — offering rapid prototyping, short lead times, and end-to-end support for both large-scale and niche orders.
- Our collaborative development process ensures you get a tissue product that aligns with your market positioning and audience expectations.

- With a strong focus on hygiene, sustainability, and modern design, we help our clients offer not just a tissue — but a brand experience.
- Backed by years of industry expertise, Matrix Tissue continues to lead the way in tissue innovation, consistently pushing boundaries to meet evolving customer needs.

Face Tissue Papyrus

Product Overview of Face Tissue Papyrus (H2)

- The **Face Tissue Papyrus – 70 Pulls** is crafted by Matrix Tissue, a premium **tissue manufacturer** offering quality, comfort, and consistency in every sheet.
- With a perfect balance of softness and strength, this product is ideal for daily personal hygiene and commercial use.
- Designed for convenience, this facial tissue pack is compact, hygienically packed, and ready to support your brand or business environment.
- Developed by a quality-driven **tissue supplier**, it meets modern consumer needs for comfort, hygiene, and value.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is a forward-thinking **tissue manufacturer** offering dependable, high-quality tissue solutions for a wide range of industries.
- As a professional **tissue supplier**, we back every product with stringent hygiene controls, responsive service, and full design customization support.
- Papyrus Face Tissues are developed with customer satisfaction at their core — offering premium-grade softness and practical packaging in one.
- Manufactured in controlled environments using advanced tissue-converting technology, ensuring a safe and superior product from a certified **tissue manufacturer**.

Usage Applications of Face Tissue Papyrus (H2)

- Designed for general facial use — gentle enough for daily skincare routines, cold and flu support, and makeup removal.
- Perfect for settings such as:
 - Hospitality (guest rooms, lobbies)
 - Offices (desks, reception areas)
 - Clinics and wellness centers (treatment rooms, hygiene stations)
 - Beauty salons and retail counters
- This product is a staple offered by a dependable **tissue supplier** that understands the needs of diverse commercial sectors.

Additional Information of Face Tissue Papyrus (H2)

- Customizable branding and packaging available for bulk buyers and retail partners — a core service offered by Matrix Tissue as a flexible **tissue manufacturer**.
- Designed for easy dispensing with a neat interfold system, reducing wastage and improving user convenience.
- Sustainable material options available on request — making Matrix Tissue a responsible **tissue supplier** for eco-conscious clients.
- Retail-ready packaging and bulk carton availability (50 packs per carton) for easy handling and distribution.
- Supported by full technical documentation, making procurement and resale seamless for distributors and partners.

Key Features of Face Tissue Papyrus (H2)

- Manufactured by a certified **tissue manufacturer** known for reliability and innovation.
- 2-ply strength ensures excellent absorbency and durability for facial care.
- 70 pulls per pack – economical and efficient for high-traffic or personal-use settings.
- Soft-touch finish – gentle on skin, with low lint and high comfort.
- Available in both 17x20 cm and 20x20 cm sheet sizes, depending on need.
- Supplied by a responsive **tissue supplier** with scalable production capacity and global quality benchmarks.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue is a preferred **tissue manufacturer** for businesses seeking premium tissue products that align with their brand image and hygiene standards.
- As a reliable **tissue supplier**, we provide tailored solutions with flexible order volumes, branding, and logistical support.
- From packaging design to order fulfillment, we provide end-to-end support to ensure your experience is smooth, professional, and on-time.
- Choose Matrix Tissue — a committed partner that delivers more than just tissues. We deliver reliability, trust, and lasting value.

Face Tissue Refill

Product Overview of Face Tissue Refill (H2)

- The **Face Tissue Refill – Full Embossed** by Matrix Tissue offers a premium touch for everyday hygiene needs — combining superior softness, elegant texture, and efficient refill design.

- As a trusted **tissue manufacturer**, Matrix Tissue ensures each refill pack is crafted with precision, care, and strict hygiene standards.
- Embossed for enhanced texture and performance, this tissue refill offers a luxurious feel with improved absorbency and durability.
- Created by a professional **tissue supplier**, it is ideal for use in branded boxes, dispensers, or custom packaging setups.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue stands out as a premium **tissue manufacturer** by offering embossed tissue refills with superior design, comfort, and presentation.
- Our advanced converting technology ensures that every sheet is consistent, soft, and luxuriously textured — qualities that set us apart as a forward-thinking **tissue supplier**.
- Designed for businesses that care about both functionality and aesthetics, our refill packs meet expectations in both performance and visual appeal.
- We offer full control over specifications, branding, and quantity — ideal for clients who demand reliable service from their **tissue manufacturer**.

Usage Applications of Face Tissue Refill (H2)

- Designed for use in tissue boxes, vanity sets, and commercial dispensers across a range of industries:
 - Hotels, spas, and salons
 - Corporate offices and reception areas
 - Hospitals, clinics, and hygiene stations
 - Retail stores and hospitality kits
- As a full-service **tissue supplier**, we support businesses with products that elevate their guest and customer hygiene experience.

Additional Information of Face Tissue Refill (H2)

- Custom print, embossing patterns, and packaging available — a specialty service offered by Matrix Tissue as a leading **tissue manufacturer**.
- Bulk refill packing reduces cost per use, minimizes packaging waste, and supports efficient replenishment in high-traffic environments.
- Eco-friendly and recyclable material options available for clients with sustainability goals — a commitment we uphold as a responsible **tissue supplier**.
- Full QC inspection process guarantees sheet consistency, strength, and hygiene compliance.
- Compatible with standard tissue box sizes and custom dispensers for versatile use.

Key Features of Face Tissue Refill (H2)

- Manufactured by a globally trusted **tissue manufacturer** known for precision and hygiene excellence.
- Full-surface embossed sheets for improved tactile feel, absorbency, and strength.
- 2-ply construction for extra comfort and durability.
- Refill-friendly packaging for streamlined logistics and easy restocking.
- Smooth dispensing and soft texture – suitable for sensitive skin.
- Supplied by a professional **tissue supplier** with scalable order fulfillment and private label flexibility.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue combines expertise, flexibility, and innovation — hallmarks of a leading **tissue manufacturer**.
- As a long-term **tissue supplier**, we partner with businesses across sectors to deliver reliable, custom-branded tissue products with superior user experience.
- We bring more than just product — we offer peace of mind, from concept to delivery.
- With attention to quality, presentation, and performance, our face tissue refills are designed to make a lasting impression.

Facial Tissue

Product Overview of Facial Tissue (H2)

- The **Facial Tissue 100 Pulls – Set of 4** by Matrix Tissue is a perfect combination of softness, strength, and convenience, developed by a top-tier **tissue manufacturer** with a commitment to quality.
- Packaged as a **set of 4**, these facial tissues are designed to offer both personal and professional use with consistent hygiene and premium presentation.
- Created by an experienced **tissue supplier**, this set ensures value, practicality, and comfort in every sheet.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is a trusted **tissue manufacturer** known for offering quality tissue products with premium finishes, soft-touch feel, and reliable packaging.
- As a dependable **tissue supplier**, we ensure that each facial tissue set maintains consistency in ply, texture, and dispensing ease.
- The set-of-4 packaging is designed for convenience, reducing restocking effort while adding value for both retail and institutional use.

- Our expertise as a leading **tissue manufacturer** enables us to support custom branding, packaging variations, and fast turnaround times.

Usage Applications of Facial Tissue (H2)

- Perfect for multiple environments and industries:
 - Homes and personal hygiene
 - Hotels and hospitality amenities
 - Offices, boardrooms, and lobbies
 - Clinics, salons, and wellness spaces
 - Travel kits, events, and corporate gifting
- As a well-established **tissue supplier**, we serve a variety of sectors with tailored packaging and delivery solutions.

Additional Information of Facial Tissue (H2)

- Available with custom-printed packaging — a core capability from Matrix Tissue as a high-end **tissue manufacturer**.
- Each pack in the set is individually sealed for hygiene and ready-to-use convenience.
- Environmentally friendly and recyclable options available, aligning with Matrix Tissue's values as a sustainable **tissue supplier**.
- Multi-pack (Set of 4) configuration improves inventory control and user satisfaction.
- Designed for easy placement in dispensers, boxes, or direct use.

Key Features of Facial Tissue (H2)

- Developed by a global-grade **tissue manufacturer** using safe, soft, and durable pulp material.
- Supplied by an industry-trusted **tissue supplier** with consistent bulk order fulfillment.
- 2-ply structure ensures high absorbency with gentle facial contact.
- 100 pulls per pack offer a generous quantity for extended use.
- Compact, travel-friendly packaging available upon request.
- Neat interfold design ensures smooth, hygienic one-at-a-time dispensing.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue stands out as a leading **tissue manufacturer** for its commitment to quality, customization, and innovation.
- As a full-service **tissue supplier**, we support both small-scale and large-scale clients with scalable solutions and personalized service.

- Our in-house packaging and design capabilities ensure that every product reflects your brand's image while maintaining optimal functionality.
- With Matrix Tissue, you get more than a tissue product — you gain a reliable partner that understands your business, your industry, and your quality standards.

Facial Tissue – Papyrus Classic

Product Overview of Papyrus Classic Facial Tissue (H2)

- The **Papyrus Classic Facial Tissue** is a premium-quality hygiene essential, crafted by Matrix Tissue — a leading **tissue manufacturer** known for delivering comfort, softness, and consistency.
- With a 2-ply structure and 100 pulls per box, this product is designed to offer optimal absorbency and skin-friendly softness for everyday use.
- Developed by an experienced **tissue supplier**, Papyrus Classic is ideal for both personal care and professional environments where quality matters.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue stands out as a premium **tissue manufacturer** offering soft, durable, and user-friendly products for various industries.
- As a dependable **tissue supplier**, we ensure every tissue meets stringent hygiene and quality standards for safe, daily use.
- Our Papyrus Classic tissues are created with virgin-grade pulp, providing a gentle and luxurious feel for sensitive skin.
- With elegant packaging and consistent performance, these tissues are suitable for upscale and general-use settings alike.

Usage Applications of Papyrus Classic Facial Tissue (H2)

- Ideal for:
 - Home use and personal hygiene
 - Hotel rooms, hospitality suites, and guest areas
 - Corporate desks and lobbies
 - Salons, spas, and clinics
 - Retail packaging and branded tissue boxes
- As a dedicated **tissue supplier**, Matrix Tissue supports a wide range of industries with solutions tailored to their branding and usage needs.

Additional Information of Papyrus Classic Facial Tissue (H2)

- Fully customizable box design and branding available — a service we provide as a flexible **tissue manufacturer**.
- Packaged in secure, moisture-resistant cartons for long shelf life and easy distribution.
- Eco-conscious production methods available — ideal for businesses with sustainability goals.
- High-volume production and private label support offered by Matrix Tissue as an agile **tissue supplier**.
- Each pack is easy to stack, store, and restock — ideal for both retail and institutional environments.

Key Features of Papyrus Classic Facial Tissue (H2)

- Manufactured by a globally trusted **tissue manufacturer** with a focus on quality, hygiene, and innovation.
- 2-ply thickness ensures superior softness and strength — gentle on skin yet durable in use.
- Large 20×20 cm sheet size offers wider coverage for facial use and light cleaning tasks.
- Neatly interfolded sheets for smooth, hygienic one-at-a-time dispensing.
- Elegant packaging suitable for high-end or everyday environments.
- Backed by a proactive **tissue supplier** offering reliable delivery, inventory support, and customization.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- As a seasoned **tissue manufacturer**, Matrix Tissue offers consistency, reliability, and customizable options that meet real-world business needs.
- We are more than a **tissue supplier** — we are a trusted partner offering flexible production, excellent customer service, and premium product presentation.
- Our attention to quality and detail ensures that every tissue reflects the standard your brand stands for.
- With Matrix Tissue, you get a product that speaks for your brand — soft, clean, and confidently professional.

Facial Tissue – Papyrus Classic (200 Pulls)

Product Overview of Classic Facial Tissue (H2)

- The **Papyrus Classic 200 Pulls** is a high-capacity facial tissue pack designed for continuous comfort, made by Matrix Tissue — a premium **tissue manufacturer** known for quality and consistency.

- This 2-ply facial tissue offers enhanced absorbency, softness, and strength, suitable for both personal and commercial settings.
- Developed by a reliable **tissue supplier**, this larger-capacity pack is perfect for high-use environments where performance and presentation are equally important.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is a renowned **tissue manufacturer** with deep expertise in producing hygienic, skin-friendly tissue products for professional and personal use.
- Our Papyrus Classic line is designed for elegance and efficiency, with larger pull counts that reduce the need for frequent replacements.
- As a committed **tissue supplier**, we offer consistent quality, custom branding support, and scalable order solutions.
- Each tissue is crafted with care to reflect the high standards your customers and brand deserve.

Usage Applications of Classic Facial Tissue (H2)

- Ideal for high-traffic or long-use environments, including:
 - Hospitality rooms and guest amenities
 - Corporate offices and reception areas
 - Healthcare facilities, clinics, and wellness centers
 - Beauty salons, spas, and retail spaces
 - Personal use at home or in vehicles
- Matrix Tissue, as a seasoned **tissue supplier**, understands the hygiene and aesthetic demands of modern businesses and delivers accordingly.

Additional Information of Classic Facial Tissue (H2)

- Fully customizable box design, colors, and branding — a signature service from Matrix Tissue as a flexible **tissue manufacturer**.
- Neat interfolded sheets enable hygienic, one-at-a-time dispensing that reduces waste.
- Carton-packed for optimized logistics and inventory handling (36 boxes per carton).
- Eco-friendly materials available upon request, showcasing our role as a responsible **tissue supplier**.
- High shelf appeal and product uniformity make this ideal for both retail and institutional stocking.

Key Features of Classic Facial Tissue (H2)

- Produced by a top-tier **tissue manufacturer** using premium virgin pulp for softness and durability.
- Supplied by a proactive **tissue supplier** offering bulk support and packaging flexibility.
- 2-ply strength provides excellent absorbency without compromising comfort.
- 200 pulls per pack deliver long-lasting use with fewer replacements.
- 20×20 cm large sheet size enhances usability and product coverage.
- Stylish, professional box design complements both high-end and casual settings.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- As a dedicated **tissue manufacturer**, Matrix Tissue delivers unmatched product quality, hygiene assurance, and full-service support.
- We're a trusted **tissue supplier** to a wide range of industries that rely on us for consistency, fast response, and scalable solutions.
- Our production flexibility, modern design capabilities, and customer-first approach help businesses elevate their tissue offering.
- With Matrix Tissue, you're not just ordering tissues — you're investing in a brand experience built on trust, performance, and lasting value.

Facial Tissue – Papyrus 70 Pulls

Product Overview of 70 Pulls Facial Tissue (H2)

- The **Papyrus 70 Pulls Facial Tissue** is a compact, high-quality hygiene product crafted by Matrix Tissue — a professional **tissue manufacturer** delivering premium softness and strength in every sheet.
- This 2-ply facial tissue is perfect for everyday use, offering comfort, cleanliness, and convenience in one compact pack.
- Designed and supplied by a reliable **tissue supplier**, this product meets the needs of both businesses and individual users looking for trusted hygiene solutions.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is a leading **tissue manufacturer** with years of expertise in producing hygienic, skin-safe facial tissues with a focus on softness, durability, and user experience.
- As a dependable **tissue supplier**, we provide a wide range of tissue products that cater to both commercial and consumer sectors with consistent quality.
- Our Papyrus 70 Pulls pack is ideal for users seeking a perfect balance of affordability, comfort, and compactness.
- Elegant packaging, perfect sheet count, and ideal ply strength make this a reliable choice from a top-tier **tissue manufacturer**.

Usage Applications of 70 Pulls Facial Tissue (H2)

- Suitable for:
 - Hospitality guest rooms and welcome kits
 - Office desks, lobbies, and conference rooms
 - Beauty salons, wellness centers, and clinics
 - Personal home use, travel, and car hygiene kits
- As a trusted **tissue supplier**, Matrix Tissue understands the multi-industry application needs and offers tailored solutions for every use case.

Additional Information of 70 Pulls Facial Tissue (H2)

- Compact and travel-friendly design makes this perfect for on-the-go use or small-space environments.
- Custom box branding available — designed and executed by Matrix Tissue as a flexible **tissue manufacturer**.
- Eco-conscious options (biodegradable, recyclable materials) available for businesses focused on sustainability.
- Private labeling and white-label support provided by a leading **tissue supplier** with scalable production capacity.
- Individually packed for hygiene and ease of storage, with bulk delivery in 50-pack cartons.

Key Features of 70 Pulls Facial Tissue (H2)

- Manufactured by a trusted **tissue manufacturer** using ultra-soft, absorbent virgin pulp.
- Supplied by a customer-focused **tissue supplier** known for reliability and fast turnaround.
- 2-ply structure provides superior absorbency and a comfortable feel.
- 70 pulls offer just the right quantity for frequent but moderate use.
- Neat interfolded design ensures clean, single-tissue dispensing.
- Available in 17x20 cm or 20x20 cm sheet sizes to match your preference.

Why Choose Matrix Tissue of 70 Pulls Facial Tissue (H2)

- Matrix Tissue is a professional **tissue manufacturer** offering tailored hygiene solutions, reliable service, and consistent product quality.
- As a leading **tissue supplier**, we support businesses with flexible orders, fast delivery, and full customization options.
- Our commitment to quality, customer satisfaction, and innovation makes us the go-to choose for all your tissue needs.

- Partner with Matrix Tissue — where premium tissue products meet exceptional service.

Facial Tissue – Papyrus Freshup

Product Overview of Freshup Facial Tissue (H2)

- The **Papyrus Freshup Facial Tissue – 100 Pulls** is a premium hygiene product designed for everyday freshness and comfort, manufactured by Matrix Tissue — a reliable **tissue manufacturer** known for delivering consistent quality.
- With a smooth, gentle texture and high absorbency, this 2-ply tissue is ideal for both personal and commercial environments.
- As a professional **tissue supplier**, Matrix Tissue ensures every pack meets strict hygiene, strength, and usability standards, making it a dependable solution for daily care.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is an experienced **tissue manufacturer** committed to delivering premium facial tissues that balance softness, strength, and cost-efficiency.
- Our Papyrus Freshup range is engineered to provide freshness and comfort, enhancing the hygiene experience in any environment.
- As a forward-thinking **tissue supplier**, we focus on long-term partnerships, offering flexibility in quantity, packaging, and branding.
- Each pack undergoes strict production and inspection standards to ensure user safety and satisfaction.

Usage Applications of Freshup Facial Tissue (H2)

- Designed for versatile use in:
 - Hotels and hospitality welcome kits
 - Clinics, wellness centers, and skincare studios
 - Corporate desks, conference rooms, and receptions
 - Personal hygiene at home or on the go
- Backed by Matrix Tissue as a reliable **tissue supplier**, this product serves multi-sector needs with consistent quality and availability.

Additional Information of Freshup Facial Tissue (H2)

- Available in elegant branded boxes with custom print options — a key advantage when working with a flexible **tissue manufacturer** like Matrix Tissue.
- Eco-friendly and recyclable options available, supporting sustainability goals for green-minded businesses.
- Smart interfold design for hygienic, one-at-a-time tissue dispensing.

- Manufactured in safe, hygienic environments — a promise upheld by Matrix Tissue as a responsible **tissue supplier**.
- Bulk packaging of 50 boxes per carton allows easy stocking, distribution, or shelf placement.

Key Features of Freshup Facial Tissue (H2)

- Developed by a trusted **tissue manufacturer** using high-quality, skin-friendly raw materials.
- Supplied by a dependable **tissue supplier** with a reputation for responsive service and scalable production.
- 2-ply softness offers a gentle yet durable tissue for facial and light cleaning use.
- Standard size options (17x20 cm / 20x20 cm) provide excellent coverage and versatility.
- 100 pulls per box make it ideal for medium- to high-use scenarios in professional and home settings.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue is a leading **tissue manufacturer** offering a wide range of facial tissue products with customizable features, attractive packaging, and superior comfort.
- As a client-focused **tissue supplier**, we ensure fast delivery, transparent service, and reliable inventory fulfillment.
- Our team provides full support for private labeling, bulk orders, and product development — helping your brand stand out through everyday essentials.
- When you choose Matrix Tissue, you choose experience, quality, and commitment at every level of production and service.

Facial Tissue – Papyrus Silk (100 Pulls)

Product Overview of Silk Facial Tissue (H2)

- The **Papyrus Silk Facial Tissue** by Matrix Tissue offers an ultra-soft, smooth-touch experience that redefines daily hygiene.
- Crafted by a trusted **tissue manufacturer**, this tissue is ideal for environments where comfort, elegance, and performance are essential.
- With a fine-textured, silk-like finish and 2-ply strength, each sheet delivers a premium feel while maintaining durability.
- As a reliable **tissue supplier**, Matrix Tissue ensures every pack is carefully manufactured, sealed, and ready for high-quality use.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is a premium **tissue manufacturer** focused on crafting tissue products that offer both form and function.
- Our **Papyrus Silk** line is known for its smooth texture and refined packaging, reflecting attention to detail and a commitment to excellence.
- As a flexible **tissue supplier**, we offer customized branding, design formats, and bulk configurations tailored to client needs.
- From raw material selection to final delivery, Matrix Tissue controls every aspect of production to guarantee customer satisfaction.

Usage Applications of Silk Facial Tissue (H2)

- Ideal for environments where softness and presentation matter:
 - Boutique hotels and guest suites
 - Corporate offices and executive desks
 - Salons, spas, and skincare clinics
 - Personal care kits, travel pouches, and gifting boxes
- Matrix Tissue, as a dedicated **tissue supplier**, ensures dependable supply for high-end and practical use cases alike.

Additional Information of Silk Facial Tissue (H2)

- Custom print and box packaging options available for branding or private label distribution — expertly managed by Matrix Tissue as a top **tissue manufacturer**.
- Packed hygienically and sealed to preserve freshness and cleanliness.
- Eco-conscious tissue options available, manufactured using sustainable practices — part of our promise as a responsible **tissue supplier**.
- Compact box size and easy-to-dispense interfold system designed for user convenience and reduced wastage.

Key Features of Silk Facial Tissue (H2)

- Produced by a sophisticated **tissue manufacturer** using premium-quality, skin-safe pulp.
- Delivered by a trusted **tissue supplier** with consistent inventory and fast delivery support.
- 2-ply construction offers a perfect balance of softness and strength.
- 100 pulls per box for longer-lasting convenience in home or commercial use.
- Sheet size options (17×20 cm / 20×20 cm) to suit various needs and preferences.
- Silk-finished texture delivers a smooth, gentle touch ideal for sensitive skin.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue stands apart as a quality-focused **tissue manufacturer**, offering superior products and flexible service.
- As a professional **tissue supplier**, we cater to businesses that value hygiene, presentation, and customer experience.
- We specialize in scalable, customized tissue solutions that elevate your brand and deliver comfort your customers will notice.
- With Matrix Tissue, you're not just buying a product — you're investing in reliable quality, clean aesthetics, and dependable supply.

Luxury Black Face Tissue – 100 Pulls

Product Overview of Black Face Tissue (H2)

- The **Luxury Black Face Tissue** is an exclusive offering by Matrix Tissue — a distinguished **tissue manufacturer** known for blending sophistication with performance.
- Crafted with 2-ply strength and smooth, skin-friendly texture, this product brings together luxury aesthetics and everyday practicality.
- As a refined solution from a leading **tissue supplier**, the black packaging and elegant design elevate the hygiene experience across premium environments.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue redefines elegance as a **tissue manufacturer** by offering products that combine tactile comfort with high-impact presentation.
- Our **Luxury Black Face Tissue** is developed for settings where premium aesthetics and hygiene must coexist flawlessly.
- As a boutique-grade **tissue supplier**, we provide fully customizable options — including box finish, logo placement, and packaging style.
- The sleek, minimalist design makes it a standout choice for upscale retail, luxury lounges, and brand-conscious clients.

Usage Applications of Black Face Tissue (H2)

- Perfect for luxury environments that demand visual appeal and hygiene excellence:
 - High-end hotels and executive suites
 - Designer boutiques and salons
 - Corporate offices and boardrooms
 - Premium gifting, event setups, and private-label launches
- Backed by Matrix Tissue as a premium **tissue supplier**, this product is ideal for businesses aiming to impress.

Additional Information of Black Face Tissue (H2)

- Box and packaging customization available, including matte, gloss, embossed, and foil-stamped finishes — expertly handled by our in-house design team.
- Designed for smooth interfold dispensing, with a clean pull every time.
- Packed in low-volume cartons (15 boxes) for limited edition runs or boutique retail display — a strategic feature by a luxury-aware **tissue supplier**.
- Produced in a controlled, hygienic environment — a quality hallmark of Matrix Tissue as a leading **tissue manufacturer**.
- Private label and co-branding options are available for upscale retailers and corporate gifting programs.

Key Features of Black Face Tissue (H2)

- Produced by a trusted **tissue manufacturer** committed to premium materials and aesthetics.
- Delivered by a bespoke **tissue supplier** with flexible order volumes and high-end packaging solutions.
- 2-ply construction ensures ultra-soft feel and high absorbency for sensitive skin.
- Elegant 20x20 cm sheet size delivers full coverage and refined usability.
- Sophisticated black packaging offers a bold, modern look suitable for premium environments.
- Ideal balance of function and form — designed for users who value comfort and class.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue is more than a **tissue manufacturer** — we are a creator of refined tissue solutions that reflect brand prestige and attention to detail.
- As a selective **tissue supplier**, we specialize in limited edition and luxury packaging, serving clients who seek exclusivity, quality, and distinction.
- Our team offers complete support — from concept design to delivery — ensuring your brand is represented with elegance and excellence.
- Choose Matrix Tissue for a hygiene experience that speaks the language of luxury.

Luxury Light Face Tissue – 100 Pulls

Product Overview of Luxury Light Face Tissue (H2)

- The **Luxury Light Face Tissue** offers refined softness and sleek design in every pack — a premium product from Matrix Tissue, a top-tier **tissue manufacturer** dedicated to elegant hygiene solutions.

- With smooth 2-ply texture and minimalist packaging, this tissue adds a sophisticated touch to any setting without compromising performance.
- Crafted by a premium **tissue supplier**, this product is perfect for luxury hospitality, wellness brands, executive offices, and upscale gifting.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is a modern **tissue manufacturer** committed to redefining tissue elegance — blending high-quality materials with design-focused packaging.
- Our **Luxury Light Face Tissue** combines comfort with understated style, ideal for brands that value cleanliness with class.
- As a dedicated **tissue supplier**, we specialize in small-batch, premium packaging — ideal for luxury brands, curated spaces, and boutique retailers.
- Every box is designed to elevate the customer experience, reflecting excellence at every touchpoint.

Usage Applications of Luxury Light Face Tissue (H2)

- Perfect for use in:
 - Designer hotel suites and spa resorts
 - Executive desks, showrooms, and reception areas
 - Beauty salons, wellness brands, and personal care kits
 - Luxury retail spaces and event hospitality
- Matrix Tissue, as a premium **tissue supplier**, ensures delivery of sleek, upscale hygiene products to match refined environments.

Additional Information of Luxury Light Face Tissue (H2)

- Elegant soft-white packaging or custom branded designs available — offered by Matrix Tissue as a creative **tissue manufacturer**.
- Smooth interfold for one-at-a-time, hygienic dispensing.
- Low-count carton (15 boxes) ideal for boutique presentation, shelf display, or direct-to-client use.
- Sustainable and recyclable options available for conscious brands — a standard with Matrix Tissue as a responsible **tissue supplier**.
- Private labeling, foil accents, or soft-touch finishes available on request.

Key Features of Luxury Light Face Tissue (H2)

- Produced by a sophisticated **tissue manufacturer** using skin-safe virgin pulp for softness and hygiene.

- Delivered by a flexible **tissue supplier** with white-label and premium customization services.
- 2-ply thickness provides excellent absorbency with a feather-light feel on skin.
- Generous 20×20 cm sheet size delivers full facial coverage with elegance.
- Smooth texture, minimal lint, and premium presentation — ideal for upscale clientele.
- Packaged with aesthetic appeal for curated retail or hospitality environments.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- As a trusted **tissue manufacturer**, Matrix Tissue offers more than just tissue — we offer a brand experience designed around quality and elegance.
- We are a reliable **tissue supplier** for clients who want premium design, refined functionality, and a tailored product journey.
- Our strength lies in combining high-touch service with scalable, luxury-ready production capabilities.
- With Matrix Tissue, your tissue product becomes a statement of comfort, class, and conscious craftsmanship.

Papyrus Face Tissue – 50 Pulls

Product Overview of Face Tissue (H2)

- The **Papyrus Face Tissue – 50 Pulls** is a compact and elegant hygiene solution, developed by Matrix Tissue — a dependable **tissue manufacturer** known for its focus on softness, strength, and hygiene.
- Ideal for personal use or professional environments, this 2-ply tissue offers smooth texture and effective absorbency in a space-saving pack.
- Crafted by a customer-focused **tissue supplier**, this product is perfect for branded amenities, travel kits, and every day on-the-go use.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue brings expertise as a quality-first **tissue manufacturer**, producing tissues that meet modern standards for both feel and function.
- As a professional **tissue supplier**, we provide full-service support — including branding, packaging design, and fast fulfillment.
- This compact 50-pull format is designed for portability, cleanliness, and practicality without sacrificing comfort.

Usage Applications of Face Tissue (H2)

- Excellent for:

- Hotel welcome kits and guest bathrooms
 - Office desks, lobbies, and boardrooms
 - Salons, clinics, and wellness spaces
 - Travel hygiene packs and promotional giveaways
- Trusted by businesses and distributors through a reliable **tissue supplier** network that understands real-world demands.

Additional Information of Face Tissue (H2)

- Private label support and full box customization available — a specialty of Matrix Tissue as an adaptable **tissue manufacturer**.
- Hygienically interfolded for clean, single-sheet dispensing.
- Compact pack size and carton quantity (70 per carton) ideal for retail, institutional, or bulk use.
- Eco-conscious material options available — a sustainable feature from your responsible **tissue supplier**.

Key Features of Face Tissue (H2)

- Crafted by a detail-oriented **tissue manufacturer** using soft, absorbent pulp for daily use.
- Supplied by a trusted **tissue supplier** with a focus on quality, delivery speed, and client satisfaction.
- 2-ply softness offers strength and skin-friendly texture.
- Compact 50-pull format – efficient for use in personal and public settings.
- Available in dual sheet sizes to suit diverse application preferences.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue stands as a modern **tissue manufacturer** that delivers thoughtful, practical, and well-designed tissue solutions.
- We are a trusted **tissue supplier** offering consistent quality, flexible order volumes, and tailored support to meet business needs.
- Our Papyrus line is built for comfort, reliability, and presentation — reflecting your brand's attention to detail.

Papyrus Popup Facial Tissue

Product Overview of Popup Facial Tissue (H2)

- The **Papyrus Popup** is a refined facial tissue pack designed for both elegance and efficiency — crafted by Matrix Tissue, a leading **tissue manufacturer** known for quality, hygiene, and innovation.

- This 2-ply, popup-format tissue box offers easy, single-sheet dispensing, combining softness and strength in a compact, practical design.
- Developed by a reliable **tissue supplier**, it's ideal for high-frequency use in professional, personal, or hospitality environments.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue stands out as a customer-focused **tissue manufacturer** offering products that combine functional design with premium material quality.
- As an agile **tissue supplier**, we meet a variety of client needs — from private label programs to retail-ready SKUs and institutional supply.
- Our **Papyrus Popup** is designed to enhance hygiene with a neatly interfolded layout that ensures one-touch, no-waste dispensing.
- Lightweight yet sturdy, it reflects Matrix Tissue's attention to both user comfort and smart packaging.

Usage Applications of Popup Facial Tissue (H2)

- Ideal for:
 - Hotel bathrooms and vanity areas
 - Corporate meeting rooms and workspaces
 - Healthcare and clinic settings
 - Personal use at home, cars, or travel kits
- As a proven **tissue supplier**, Matrix Tissue delivers across sectors with consistent quality and fast turnaround.

Additional Information of Popup Facial Tissue (H2)

- Customization available: box design, logo printing, and private labeling — fully supported by Matrix Tissue as a full-service **tissue manufacturer**.
- Packed efficiently in 60 or 64 boxes per carton, depending on your packaging preferences or stocking systems.
- Eco-friendly tissue options available for sustainability-driven clients — a standard offering from a conscious **tissue supplier**.
- Suitable for dispenser-free use, making it ideal for fast-paced or space-saving environments.

Key Features of Popup Facial Tissue (H2)

- Produced by a quality-first **tissue manufacturer** using premium-grade, skin-safe pulp.

- Supplied by a versatile **tissue supplier** offering scalable production and tailored supply models.
- 2-ply softness ensures comfort, absorbency, and strength in each pull.
- Popup format with 100 pulls provides excellent convenience and clean dispensing.
- Neat and elegant box design suitable for upscale and everyday settings.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue is a premium **tissue manufacturer** offering products that combine technical reliability with presentation appeal.
- As a committed **tissue supplier**, we provide clients with complete support — from design to delivery — across retail, hospitality, and healthcare segments.
- Whether you need a custom product line or ready-to-ship solution, we help your business stand out with tissues that reflect true quality.
- Choose Matrix Tissue — where every box is a perfect balance of comfort, consistency, and class.

Papyrus Vintage – 100 Pulls

Product Overview of Vintage Facial Tissue (H2)

- The **Papyrus Vintage Facial Tissue** delivers a blend of timeless design, premium softness, and reliable hygiene — proudly developed by Matrix Tissue, a leading **tissue manufacturer** dedicated to consistent quality and elegance.
- With 100 gentle 2-ply sheets in each box, this product is made for environments that value both aesthetics and performance.
- As a trusted **tissue supplier**, Matrix Tissue offers this classic yet functional tissue option for everyday use across industries.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is a highly regarded **tissue manufacturer**, known for its quality-first approach and customizable production solutions.
- Our **Papyrus Vintage** line reflects our commitment to combining functionality with vintage-inspired packaging for standout shelf appeal.
- As a flexible **tissue supplier**, we provide options for box customization, private labeling, and tailored packaging formats.
- Designed for comfort, durability, and style — this product elevates both brand and user experience.

Usage Applications of Vintage Facial Tissue (H2)

- Ideal for:
 - Hotel and resort rooms
 - Boutique office spaces and meeting rooms
 - Clinics, salons, and wellness centers
 - Retail shelves, personal use, and gifting
- Matrix Tissue, as a multi-industry **tissue supplier**, ensures timely and consistent availability for all use cases.

Additional Information of Vintage Facial Tissue (H2)

- Stylish packaging inspired by timeless, vintage design — available with custom branding through our in-house design team.
- Packed efficiently (50 boxes per carton) for bulk delivery, distribution, or retail stocking.
- Eco-friendly production available upon request — supported by Matrix Tissue's sustainable manufacturing practices.
- Box structure and interfold system engineered for smooth dispensing, reduced waste, and a premium user experience.

Key Features of Vintage Facial Tissue (H2)

- Manufactured by a world-class **tissue manufacturer** using soft, absorbent, skin-safe pulp.
- Supplied by a responsive **tissue supplier** with reliable logistics and low-MOQ customization.
- 2-ply tissue construction delivers both strength and comfort.
- 100 pulls per pack for extended use in home or commercial settings.
- Offered in two sheet sizes: 17×20 cm and 20×20 cm — to match varied dispenser sizes and user preferences.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue is more than a **tissue manufacturer** — we're your strategic partner in delivering high-quality, brand-aligned hygiene products.
- As a customer-centric **tissue supplier**, we offer tailored service, competitive pricing, and industry insight to support your business goals.
- Whether for retail, hospitality, or wellness use, our products reflect your standards and values — clean, consistent, and confidently presented.
- Trust Matrix Tissue to bring comfort, credibility, and timeless style into every box of tissues you offer.

Papyrus Vintage – 180 Pulls

Product Overview of Papyrus Vintage (H2)

- The **Papyrus Vintage – 180 Pulls** is a high-capacity, premium facial tissue solution designed for comfort, convenience, and timeless presentation — crafted by Matrix Tissue, a leading **tissue manufacturer** known for reliability and refinement.
- With 2-ply softness and extended pull count, this product is ideal for spaces that demand high usage without frequent replacements.
- Designed by a seasoned **tissue supplier**, this tissue box combines vintage charm with modern functionality.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is a premium **tissue manufacturer** offering quality-first, customer-focused tissue solutions.
- The **Papyrus Vintage** line reflects our dedication to timeless design and dependable performance — perfect for modern brands with classic appeal.
- As a full-service **tissue supplier**, we offer customization in branding, packaging size, and quantity for diverse industries and audiences.
- Every box is a result of precision engineering, soft-touch material, and packaging aesthetics.

Usage Applications of Papyrus Vintage (H2)

- Best suited for:
 - Guest rooms in hospitality settings
 - Clinics, spas, and beauty counters
 - Office reception areas and executive desks
 - Retail shelves and home care kits
- As a trusted **tissue supplier**, Matrix Tissue ensures availability and consistency for all sectors, whether in bulk or custom-labeled formats.

Additional Information of Papyrus Vintage (H2)

- Elegant vintage-style packaging enhances presentation in luxury and wellness environments.
- Box structure designed for durability, stack ability, and smooth dispensing.
- Sustainable pulp and eco-packaging options available — part of Matrix Tissue's commitment as an ethical **tissue manufacturer**.

- 180 pulls per box reduce the need for frequent restocking — ideal for high-traffic settings managed by a responsive **tissue supplier**.

Key Features of Papyrus Vintage (H2)

- Produced by a professional **tissue manufacturer** using skin-safe, highly absorbent materials.
- Supplied by a dependable **tissue supplier** focused on quality, delivery, and customer success.
- 2-ply structure for gentle use and reliable absorbency.
- 17×20 cm and 20×20 cm sheet options available for added flexibility.
- Long-lasting 180-pull format minimizes waste and improves value.
- Attractive packaging ideal for both brand representation and retail impact.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue is a premium **tissue manufacturer** that delivers products you can rely on — soft, stylish, and professionally presented.
- As a solutions-driven **tissue supplier**, we empower brands with flexible options, low MOQs, and branding support.
- From concept to carton, we provide quality assurance, supply chain reliability, and packaging excellence.
- Choose Matrix Tissue for tissue products that reflect your values — clean, classic, and customer-ready.

Name Print Napkins – Fully Customizable

Product Overview of Name Print Napkin (H2)

- The **Name Print Napkin** is a customizable tissue solution perfect for branding, events, hospitality, and promotional use — created by Matrix Tissue, a flexible and high-quality **tissue manufacturer**.
- Whether you're promoting a business, celebrating a special event, or building a memorable dining experience, these napkins offer the ideal platform for personalized expression.
- Backed by a responsive **tissue supplier**, Matrix Tissue delivers elegant name-printed napkins with industry-grade softness, print quality, and durability.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is a reliable **tissue manufacturer** offering full design flexibility — from material and ply to logo placement and color matching.

- As a responsive **tissue supplier**, we accommodate urgent, event-based, or seasonal orders with fast turnaround and design support.
- Our custom napkins are printed using high-quality, food-safe inks that maintain clarity and color consistency.
- Ideal for weddings, restaurants, hotels, corporate events, and retail packaging.

Usage Applications of Name Print Napkin (H2)

- Perfect for:
 - Branded table settings in cafes, hotels, and restaurants
 - Personalized napkins for weddings, parties, and celebrations
 - Promotional events, trade shows, and corporate gifting
 - Boutique packaging or gift-box accessories
- Matrix Tissue, as a dependable **tissue supplier**, delivers on-brand tissue solutions across all industries.

Additional Information of Name Print Napkin (H2)

- Choose from embossing, foil stamping, and single- or multi-color logo printing — fully managed by Matrix Tissue as a creative **tissue manufacturer**.
- Eco-friendly and compostable napkin options available for sustainability-driven clients.
- Small quantity runs and large-scale orders both supported — a specialty of a versatile **tissue supplier**.
- Soft-touch, high-absorbency tissue material ensures comfort without compromising print visibility.

Key Features of Name Print Napkin (H2)

- Customizable ply and print — manufactured by a highly adaptable **tissue manufacturer**.
- Precision-printed logos, names, or branding with durable, food-safe inks.
- Supplied by a professional **tissue supplier** offering private label and OEM options.
- Smooth texture, professional-grade absorbency, and minimal lint.
- Available in multiple folds (1/4, 1/8, etc.) and finishes (matte, gloss, embossed).
- Elegant and functional — ideal for elevating presentation in every setting.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue is your go-to **tissue manufacturer** for premium, personalized napkin solutions built around your vision.
- As a forward-thinking **tissue supplier**, we offer full-service support — from concept and print proofing to packaging and delivery.

- We combine craftsmanship, creativity, and customer care to help businesses and event organizers leave lasting impressions.
- Whether you're printing a name, a logo, or a message — we turn tissues into branding moments.

- As an experienced **tissue manufacturer**, Matrix Tissue ensures each foil roll delivers quality, consistency, and ease of use.
- The **Papyrus 25m Foil Roll** is engineered for durability with a smooth finish that ensures clean handling and presentation.
- We support distributors, retailers, and food businesses with professional-grade products built for modern kitchens.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- Matrix Tissue stands out as a dependable **tissue manufacturer** delivering safe, affordable, and practical packaging solutions.
- As a committed **tissue supplier**, we offer consistent stock, customizable branding, and prompt shipping.
- Choose **Papyrus 25m Aluminum Foil** — your everyday essential for clean, safe, and convenient food wrapping.

Papyrus 72m Aluminum Foil Roll

Product Overview of Papyrus Aluminum Foil (H2)

- The **Papyrus 72m Aluminum Foil Roll** offers a longer, more economical solution for **daily kitchen wrapping, storage, and cooking needs**.
- Designed by **Matrix Tissue**, a leading **tissue manufacturer**, this roll is made with **food-grade aluminum** and a balanced 10-micron thickness — ideal for both household and light commercial use.
- As a dependable **tissue supplier**, we provide consistent supply and packaging flexibility for distributors, supermarkets, and food service businesses.

Key Features of Papyrus Aluminum Foil (H2)

- **Air-Tight & Grease-Resistant:** Prevents leakage and maintains food freshness.
- **Oven-Safe:** Suitable for light baking, roasting, grilling, and reheating.
- **Safe for Food Contact:** Made with non-toxic, odorless aluminum — certified for hygiene and safety.
- **Extended 72m Length:** Reduces roll replacement, ideal for high-usage environments.
- **Bulk-Ready:** Packed 20 rolls per carton — perfect for wholesalers and modern retailers.

Usage Applications of Papyrus Aluminum Foil (H2)

- Wrapping prepared food, snacks, and raw ingredients
- Covering trays, containers, and food parcels
- Great for:
 - Restaurants, cloud kitchens, cafés
 - Home use, food stalls, and grocery chains
 - Retail and private-label supply channels
- Matrix Tissue, as a responsive **tissue supplier**, supports volume fulfillment and custom packaging.

Why We're the Best Tissue Supplier (H2)

- Matrix Tissue is an expert **tissue manufacturer** delivering **durable, clean, and easy-to-use foil products** that perform well in daily kitchen operations.
- The **Papyrus 72m Aluminum Foil** is designed for **cost-effective, long-term use** with reliable strength and flexibility.
- Backed by strong service as a **tissue supplier**, we ensure supply continuity, branding options, and efficient order handling.

Why Choose Matrix Tissue as a Tissue Supplier (H2)

- As a reliable **tissue manufacturer**, Matrix Tissue ensures every foil roll meets international safety and performance standards.
- As a seasoned **tissue supplier**, we provide dependable delivery, consistent product quality, and scalable solutions tailored to your business.
- Choose **Papyrus 72m Aluminum Foil** — for extended convenience, clean handling, and value-driven food wrapping.

Papyrus Aluminum Foil

Product Overview of Papyrus Aluminum Foil (H2)

- The **Papyrus 50gm Aluminum Foil Roll** is a compact, **cost-effective solution** for everyday food wrapping and light cooking needs.
- Manufactured with food-safe materials by **Matrix Tissue**, a reliable **tissue manufacturer**, this roll offers essential **grease resistance**, **heat protection**, and hygienic performance.
- As a trusted **tissue supplier**, we offer this foil in bulk quantities ideal for retail distribution, tiffin services, and household use.

Key Features of Papyrus Aluminum Foil (H2)

- **Food-Safe & Odor-Free:** Manufactured using non-toxic aluminum for direct food contact.
- **Heat & Grease Resistant:** Suitable for light reheating, wrapping, and moisture protection.
- **Compact Roll Format:** Easy to handle and store — ideal for quick, everyday use.
- **Retail-Ready Packaging:** Perfectly sized for supermarkets, convenience stores, and food outlets.
- **Bulk Efficient:** 50 rolls per carton — streamlined for retail and wholesale distribution.

Usage Applications of Papyrus Aluminum Foil (H2)

- Wrapping snacks, sandwiches, rotis, and leftovers
- Covering lunch boxes and small meal trays
- Suitable for:
 - Home kitchens, tiffin services, food stalls
 - Retail sales and private-label branding
 - Quick-serve cafés and delivery setups
